A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Oberdorfer's Drug Store.

SPECIAL SALE CONTINUED.—We have decided to continue our special sale for several days more, in order to entirely clean up our stock to make room for Fall and Winter shoes. If you want shoes at a bargain, call now.

FREEMAN & FREEMAN.

NICE MACKEREL.—A large consignment of nice mess-mackerel just received 7t.

BLUE POINTS on half shell, steaks, chicken, pot pies, deviled crab, Saddle Rock oysters, live lobsters, etc., at Newton Current & Co.'s.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre, of Shepherdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by Oberdorfer, the druggist. Trial by bottles free. Regular sizes 50c, \$1.

TO INCREASE NAVY.

General Board Recommends the Building of More Warships.

The Secretary of the Navy Will Urge Congress to Authorize Their Construction at the Next Session of the Congress.

Washington, Nov. 10.—Three battleships, five scout cruisers, six torpedo boat destroyers, six torpedo boats and two squadron colliers, at an aggregate maximum cost of \$41,300,000, is the building program which the general board of the navy has recommended the secretary of the navy to urge congress to authorize at its next session. Secretary Morton will refer the recommendations to the board on construction for comment and endorsement, and will base his recommendation to congress on the reports of the two boards. The general board's recommendations are signed by Adm. Dewey, president of the board. Homogeneity is urged by the board as the great need of them. Partly for this reason and partly because a general commendation at home and abroad for the latest type of American battleship the board suggests that the new battleship shall be of the general type of the Connecticut class.

This would give the navy nine first-class battleships of 16,000 tons displacement each. The board estimates that the complete cost of each of the new battleships when ready for sea will not exceed \$8,000,000, making a total of \$24,000,000 recommended for new battleships.

Great speed is urged as the feature of the five scout cruisers recommended. Two million dollars is the estimated limit of cost of each of these ships.

In character they will follow the general lines of the Chester, Birmingham and Salem authorized by the last congress, which have a displacement of 4,000 tons.

The board thinks that the six torpedo boat destroyers and six torpedo boats recommended should have greater size and seaworthiness than previously built vessels of the class. The board desires that the new destroyers shall be so constructed that they can make long cruises with the battleships without need of repairs and can travel with ease on a rough sea, even if this necessitated a reduction of speed.

The new colliers asked for probably will have a displacement of 12,500 tons and a speed of about 16 knots, which would enable them to keep up with the battleship squadron at cruising speed.

It is believed that the recommendations of the general board in the main will receive the endorsement of the Board on construction, and finally the secretary himself.

THE BESIEGED.

Their Condition is Reported As Being Terrible.

London, Nov. 10.—Special dispatches from Port Arthur and Chefoo, which are printed in Thursday morning newspapers add little to the recent news of the besieging operations at Port Arthur, but give terrible descriptions of the conditions of the besieged.

The Daily Mail's correspondent before Port Arthur describe the Russian killed and those taken prisoners as greatly emaciated, and asserts that the men subsist entirely on a daily ration of less than two pounds of black bread.

The Daily Telegraph's Chefoo correspondent declares that the task of burying the bodies of the slain at Port Arthur is now beyond control, and that the corpses are simply pitched into the new dock excavations near Golden Hill, and where there is only a few feet of water.

The condition of the helpless women is heartrending. Several groups of them going to market have been blown to pieces. The street scenes there are said to be sickening.

Bennett Burleigh also sends to the Daily Telegraph a harrowing picture of the condition of the wounded in Port Arthur, of whom vast numbers are lying unattended within the inner forts. In the name of common humanity, he thinks, some effort should be made in behalf of the helpless sufferers, and he suggests that as soon as possible they should be taken upon neutral ships flying the Red Cross, and transferred to hospitals at Chefoo and Shanghai.

Boy Lacerated By a Dog.
Lexington, Ky., Nov. 9.—While attempting to take a bone from a vicious bulldog, belonging to W. B. Nickells, Hammond Oldham, six-year-old son of C. K. Oldham, was severely bitten about the face and body and is not expected to live. The little fellow was bitten eight times in the face, and his upper lip was so badly lacerated it will have to be taken off.

The Story Denied.
Berlin, Nov. 10.—The assertion again telegraphed here from St. Petersburg with circumstantial details that Emperor William and Emperor Nicholas will meet at Sklernewice, Russian Poland, soon, is denied by the foreign office.

Two Men Indicted.
Frankfort, Ky., Nov. 3.—A special grand jury impaneled in Clay county to investigate the quashing of indictments has returned indictments for false swearing against Wood Wolfe and Lee Baker.

THE ELECTION.

Roosevelt and Fairbanks
the Choice of the
People.

New York State Gives a
Big Majority for the
Republican Ticket.

Ohio Plurality for Ticket
Is Estimated As High-
est Ever Known.

Indiana Goes Republican by a
Plurality Ranging Between
50,000 and 75,000.

On the Face of the Unofficial Returns Mary-
land Is Republican on the National
Ticket by a Small Majority.

The Socialist Ticket Made Astonishing
Gains in Many Places, Particularly
in Chicago and Milwaukee—
The Result in Indiana.

Escopis, N. Y., Nov. 9.—Judge Parker
concedes the election of President Roose-
velt at 8:30 p. m., when he received a bul-
letin that the democratic national head-
quarters had already admitted that every
doubtful state had been carried by the
republican national ticket. He appeared
to be not at all disconcerted by the result,
although it is known that he greatly de-
plored his overwhelming defeat in his
own state. He received the discouraging
news in his study, where he sat smoking
with two of his neighbors, who had called
from democratic headquarters concerning
Judge Parker's defeat was given to the
judge by a press representative. When
asked if he had any statement to make,
he pulled a telegraph blank toward him
and wrote hasty for a moment. Then
he said:

"I am going to send this telegram to
President Roosevelt."

Rosemont, Escopis, N. Y., Nov. 8.—The
President, Washington: The people by
their votes have emphatically approved
your administration. Alton B. Parker."

Washington, Nov. 9.—President Roose-
velt's reply to Judge Parker's telegram
was as follows:

"Alton B. Parker, Rosemont, N. Y.: I
thank you for your congratulations.
Theodore Roosevelt."

Washington, Nov. 10.—Chairman Cow-
herd, of the democratic congressional
campaign committee, at 11 o'clock said:
"We concede that the national Roose-
velt campaign has carried the house of
representatives for the republicans by a
majority at least as large as that by which
they now hold control."

New York, Nov. 10.—With the election
returns still incomplete, the plurality of
President Roosevelt in the nation, accord-
ing to all indications, will exceed 1,500,-
000, the greatest plurality ever given an
American president. The largest approach
to this vote was in 1896, when McKinley
received a plurality of approximately
850,000, and in 1872, when Grant
received 762,991 plurality.

The interest centers in Missouri and
Michigan, where it is indicated that the
former state is in the republican column
so far as presidential electors are con-
cerned, but that Joseph W. Folk, the
democratic candidate, has been elected
governor. In the case of the presidential
electors, it is probable that the house of
representatives for the republicans by a
majority at least as large as that by which
they now hold control."

New York, Nov. 10.—The returns from the
state outside of Chicago have come in
slowly. The figures Wednesday night
showed that Roosevelt has carried the
state by over 200,000, the exact number,
with quite a number of districts yet to
be filled in, being 202,245. The plurality of
Deenen, for governor, is placed at
274,000.

Roosevelt carried the city of Chicago
by 107,229 and the county of Cook by
over 100,000, making 200,000. In
1900, 42 out of 102 counties in the state
were democratic by 21,716. This year the
same counties show a republican plurality
of 4,675, 22 of them going republican and
the remaining 20 reducing their demo-
cratic majority to almost nothing. The
legislature is to be democratic in both
branches.

Facts and Figures.

A comparison of the vote on Tuesday demonstrates beyond a doubt what was doing in Paris on registration day by certain politicians registering negroes and white Republicans as Democrats so they could participate in coming primary. This, we object to, and we will reiterate that the Democratic party is a white man's party, and we do not want this illegal voting in our primary by Republicans. The people should by their votes teach these politicians that such tactics will not go in Bourbon county, and every man that these illegal votes are to be cast for should be defeated by an overwhelming majority. There are names on the registration book in Paris No. 2, registered as Democrats, and the same parties are registered in Covington as Republicans. This is a known fact and good Democrats are to be beaten in a Democratic primary by weak-kneed Democrats by this method. We protest, and insist that the officers of election let no man vote unless he is a "known Democrat," as the call for the primary states. The public can have an idea what is going to be attempted next Tuesday by the following comparison:

The registration books show that in Paris No. 1, 144 Democrats registered; in No. 2, 257; in No. 3, 142; in No. 4, 191; in No. 5, 129; in No. 6, 59. Total number of registered Democrats 912.

The vote at the regular election shows that in No. 1, 129 Democrats voted; in No. 2, 190; in No. 3, 128; in No. 4, 167; in No. 5, 117; in No. 6, 49. Total Democratic vote 775.

The above figures show a falling off in the vote on Tuesday of 137 Democratic voters that were so registered. On the face of it you can easily see what may be expected on Tuesday next.

It remains to be seen if the Democratic voters of Bourbon will stand for this kind of business and we do not believe for a minute they will.

It's All Over.

We have met the enemy and we are theirs. Explanations can be had without demand from self-constituted Statesmen and students of political events that are to be found at every street corner and cross roads, but explanations do not change results. The people were asked to choose between Mr. Roosevelt and Judge Parker, and they accepted the invitation in a manner that leaves no question as to their choice. It is too early to probe after causes, for the effects are sufficient for the present. All that is left is the consolation that old Bourbon gave 441 Democratic majority, and the State of Kentucky stands on the Democratic side of the slate.

We fear that the next four years will not be years of uninterrupted peace. There is danger that the overwhelming victory which President Roosevelt has won will seem to him an endorsement of his aggressive, and not always wise, foreign policy, and he may be led to excesses that may cause difficulties.

It may be, on the other hand, that the sense of responsibility and the damages that have been pointed out during this canvass will sober him and that he will come up to the full standard his friends have set for him. At any rate, we are all Americans, the country is prosperous, the ordinary affairs of life will continue and for the day that is enough. We are able to stand the result if the rest of the country can stand it—the four years till a Democrat will be elected—will pass quickly.

"The Moonshiner's Daughter," which is at the Grand Opera House tonight, was written by a Louisville newspaper man, whose clever detective work resulted in a raid by the U. S. Revenue officers on one of the largest moonshine stills in Kentucky. The play is founded on the incidents of that raid. The scenery is great and it is a first-class company.

Broke a Rib Coughing.

Mr. Horace Collins, our popular Main street merchant, has been suffering with a severe cold, having hard coughing spells at times. Wednesday he complained of pain in his side and upon investigation by his physician it was found that during one of his coughing spells he had broken a rib.

The Clark Trial.

The second examining trial of Wm. N. Clark for the murder of J. W. Burden, near Millersburg, has been in progress before Judge H. C. Smith for two days. After several speeches yesterday afternoon it was continued until this morning at 9 o'clock.

Made Assignment.

Henry Biddle, colored, on yesterday, made general assignment of all his property to Fred S. Kerr for benefit of his creditors. Biddle is probably the most prominent colored farmer in Bourbon, and owns considerable property.

Burglars Still Around.

On Tuesday night, the Bourbon Lumber Co. was entered by burglars. The combination on the safe was worked and the money drawers broken open. They secured \$10.60 in cash, and scattered about \$1,500 in checks over the lumber yard.

Kehoe Defeated.

The latest from the Ninth District is that Hon. J. N. Kehoe is defeated for Congress by the Republican, Judge J. B. Bennett, by 86 majority.

STANDARD OIL CO. SUED.

Cadwallader M. Raymond Wants \$50,
000,000 Damages.Boston, Nov. 8.—The suit for \$50,
000,000 brought by Elizabeth T. Greenough,
of New York, against Henry H. Rogers, of the Standard Oil Co., which
was dismissed by agreement of the
parties on September 24 last, was re-entered
Monday in the supreme court. The new suit is entered under the
name Cadwallader M. Raymond vs.
Henry H. Rogers et al., the damages
being set at \$50,000,000 as before. The
parties at interest are the same as in
the previous suit, the claim being as-
signed to C. M. Raymond, a friend of
Mrs. Greenough. Alfred Hemmenway,
of Boston, accepted service on behalf
of Mr. Rogers.Mrs. Greenough is administratrix of
the estate of her husband, Benjamin F.
Greenough, an inventor, and seeks
to recover royalties on the use of a
secret process for treating petroleum
to make it non-explosive.

ENCKE'S COMET.

It is Visible With a 12-Inch Equato-
rial Telescope.Washington, Nov. 8.—Encke's comet
was seen at the United States naval
observatory Sunday night and again
Monday night with the 12-inch equato-
rial telescope. Its radiance, how-
ever, is so feeble that as yet the comet
is barely visible in the telescope as
a patch of light and several days per-
haps will elapse before accurate ob-
servations can be made of its position
which, however, follows quite clearly
the path predicted for return of the
comet.Its distance from the earth and the
sun is rapidly diminishing, while the
apparent motion among the stars is
so rapid as to be very perceptible in
the field of the telescope during an
hour's time.

HOISTING ENGINEERS.

President of the Union Declares Their
Strike Off.Springfield, Ill., Nov. 8.—In an order
issued Monday afternoon Mack Taylor,
president of the Hoisting Engineers
Union of Illinois, declares the
strike of the hoisting engineers off, in
obedience to a referendum vote which
resulted 750 to 315 in favor of returning
to work.The question of joining the United
Mine Workers of America will be sub-
mitted to a referendum vote, but there
is little doubt that the engineers will
decide to join the larger organization.
The engineers return to work at a
scale of 5 1/2 per cent. less than what
they received last year. None of them
will be discriminated against by the
operators because of having struck.
Mines will probably re-open on Wed-
nesday.

SUIT AGAINST ARMOUR.

Damages to the Amount of \$1,200,000
Asked For.Boston, Nov. 8.—A suit for \$1,200,
000 damages against J. Ogden Armour,
of Chicago, was entered in the su-
preme court of Massachusetts by Jas.
C. Melvin, of Boston; James D. Standish,
of Detroit; Frank P. Constock and
Frank E. Vogel, of New York, and others,
acting as trustees. The ground of the action, which is one of
the largest ever entered in the com-
monwealth, does not appear, since
counsel agreed not to file any declara-
tion at this time.

Winter Session of That Body Opened Promisingly.

The Members of the Minority Party Occupied Their Seats in Full Force—President Palma's Message Read.

Mrs. Mary E. Meserve, of Salisbury, Mass., was cured of Anemia, a disease in which there is an actual deficiency of the blood, by the use of

Dr. Williams' Pink Pills for Pale People

She says: "The first symptom was an unusual paleness. Later the blood seemed to have all left my body. I had shortness of breath and fluttering of the heart; was depressed, morose and peevish. I suffered for two years. Physicians did me little good but I am now a well woman because I took twelve boxes of Dr. Williams' Pink Pills."

These pills really make new blood and have cured obstinate cases of rheumatism, scrofula and erysipelas. They are especially useful to growing girls.

QUICK RESULTS.

W. J. Hill, of Concord, N. C., Justice of the Peace, says: "Dowd's Kidney Pills proved a very efficient remedy in my case. I used them for disordered kidneys and backache, from which I had experienced a great deal of trouble and pain. The kidney secretions were very irregular, dark colored and full of sediment. The Pills cleared it all up and I have not had an attack in my back since taking the last dose. My health generally is improved a great deal."

NEW EVOLUTION THEORY.

Scientist Who Disputes Darwin Idea Tells of Important Discoveries in Plant Life.

Professor Hugo de Vries, director of the Botanical Gardens, Amsterdam, and scientist who disputes Darwin's theory of the "origin of species," explained his views at length at the New York Botanical Garden recently.

Prof. De Vries differs with Darwin in asserting that a new species of plant may be seen to develop at once from the parent plant, while Darwin's theory demands many generations, marked by innumerable minor differences and years of time.

Prof. De Vries bases his conclusions upon actual experiment, and although his earlier investigations covered a wide field, his best and most conclusive results were obtained through careful culture and observation of the evening primrose. Twelve new species derived from the original varieties were described at length by Prof. De Vries, and their differences were further illustrated by colored plates and lantern slides.

Dr. De Vries's discoveries have led to the establishment of a laboratory at Cold Spring Harbor, where the investigation of evolution in both the plant and animal kingdoms will be conducted for at least half a century at the expense of the Carnegie Institution. Experiments conducted by Dr. D. T. MacDougal at the New York Botanical Garden since Prof. De Vries presented the results of his researches to the world of science have already confirmed several important features of Dr. De Vries's discoveries.

REVIVES; THEN DIES AGAIN

After Being Pronounced Dead Man Comes to Life, Creates Terror and Expires.

Given up by a physician as dead, Frank McCormick, of Guttenburg, N. Y., returned to life just as an undertaker called to embalm his body. Then, after ordering the undertaker away, McCormick was seized with another attack of the ailment which had first prostrated him, and died within a few minutes.

Word was again sent to the undertaker, who lives in New York, but he refused to respond.

McCormick had been ill several days with a severe attack of dysentery. A doctor who was summoned worked over him for several hours, and then, turning to those about the man's bedside, said that McCormick was dead.

A death watch was set beside McCormick's bed. The men at the bedside had already begun their vigil when the supposed dead man suddenly moved and groaned. The watchers fled and summoned the physician, but while they were waiting for him the undertaker arrived. He insisted upon seeing McCormick, and when he went into the room the man who had come back to life murmured that he didn't want to be disturbed. Upon hearing this the undertaker promptly fled.

Then the doctor arrived. McCormick again lapsed into unconsciousness, and the physician, after applying every test known to his profession, declared that no trace of life remained.

HIS NAME IN GOOD BOOK.

Indiana Man Had Been Heard Of Even in the Wilds of Colorado.

"Because my name is Lord, I frequently have not a few funny experiences," said J. G. Lord, of Muncey, Ind., according to the Louisville Herald. "One of the most amusing incidents I ever had by reason of my name happened while I was driving from town to town in Colorado. While on the road one day, driving very slowly, for I had plenty of time, I chanced to notice by the roadside a young fellow about 16 years old, dressed in as ragged a fashion as anyone you could ever conceive. He had on one pair of his father's pants, which were cut off at the bottom, and which extended far up on his body, almost to his shoulders. More as a matter of personal amusement than for any other reason, I asked him how far it was to the next town."

"About six miles, I reckon," he replied.

"I reined up my horse."

"Do you have any fun out here?" I asked.

"Yep; heap."

"What is your name?" I asked him.

"Willie," he replied; "Willie Hawks."

"I started to drive on, but he called after me, asking me to stop."

"Say, mister," he asked, "and what's your name be?"

"Lord," I answered; "Mr. Lord."

"And then he grinned. He grinned all the way to the armholes of his father's pants."

"Why'd you smile?" I asked. "Have you ever heard of me?"

"Sure; I've heard pop read of yer in that good book; but I never saw yer afore."

"And he continued to grin as I drove on."

ASKED A PERSONAL FAVOR.

Lawyer Wanted Judge to Relieve Him of a Somewhat Dangerous Duty.

One of the most picturesque figures of the New York bar was the late Thomas Nolan, a lawyer, whose witty retorts furnished subjects for merriment at many a lawyers' gathering. Now, Nolan was at one time counsel for a poor widow who was suing a construction company for the death of her husband, relates Success. The case had been placed upon the "day calendar," but had been frequently postponed, and Mrs. Moriarity, by the time she had made her fifth call, was in an exceedingly disturbed frame of mind; consequently the tones of Nolan's rich brogue were more than unusually fervid as he fought against the sixth adjournment.

"I am sorry," said Justice Dugro, "but your opponent has shown me good cause for the adjournment, Mr. Nolan, and the case will therefore go over until to-morrow."

"Very well, sir," said the barrister, sweetly, "but might I ask wan personal favor of this court?"

"Certainly, sir, with pleasure."

"Will your honor kindly step down to my office and just tell Mrs. Moriarity that you have adjourned the case?"

Best in the World.

Cream, Ark., Nov. 7 (Special).—After eighteen months' suffering from Epilepsy, Backache and Kidney Complaint, Mr. H. W. Smith, of this place, is a well man again and those who have watched his return to health unhesitatingly give all the credit to Dodd's Kidney Pills. In an interview regarding his cure, Mr. Smith says:

"I had been low for eighteen months with my back and kidneys and also Epilepsy. I had taken everything I knew of and nothing seemed to do me any good till a friend of mine got me to send for Dodd's Kidney Pills. I find that they are the greatest medicine in the world, for now I am able to work and am in fact as stout and strong as before I took sick."

Dodd's Kidney Pills cure the Kidneys. Cured Kidneys cleanse the blood of all impurities. Pure blood means good health.

Santa Fe Engines at World's Fair.

All the world loves a locomotive. There is something lifelike about the iron monstrosity that whisks us at a mile a minute pace across the country. It seems to be a person, not a thing. The crowds who have been recently watching the test of Santa Fe engine No. 507 (a Baldwin of 175 tons weight) in Machinery Hall, World's Fair grounds, St. Louis, will testify to fascination unexplainable. Not merely the size, nor the wheels going around, nor the throbbing steam—but all these and more. The engineer at the throttle and the fireman at the furnace door share the general admiration.

The test showed conclusively that the prairie type used by the Santa Fe in hauling its fastest passenger flyers represents the best achievement of modern engine building.

"De'man dat goes through de world findin' fault," said Uncle Eben, "has picked out sech an easy job for hissef dat he can't expect much appreciation."—Washington Star.

I am sure Piso's Cure for Consumption saved my life three years ago.—Mrs. Thos. Robbins, Norwich, N. Y. Feb. 17, 1900.

Money may command obeisance but it can never purchase love.

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it just to acknowledge it, hoping that it may help some other woman suffering as I did."

"For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well."

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Hennessy, 410 S. Broadway, Lexington, Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked."

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found that I

A Startling Test.

To save a life, Dr. T. G. Merritt, of Mo. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulcerations of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Only 5¢ at Oberdorfer's.

Y. ALEXANDER, President

Benjamin Franklin's Wife.

A very unflattering description of Benjamin Franklin's wife is taken from the diary of Daniel Fisher, who was Franklin's secretary for a short time. "She sat on the floor at a neighbor's. She assumed the airs of extraordinary freedom and great humility, lamented heavily the misfortunes of those who are unhappy infected with a too tender or benevolent disposition, said she believed all the world claimed the privilege of troubling her papa—she usually calls Mr. Franklin—with their calamities and distress, giving us a general history of many such wretches and their impudent applications." He mentions "the turbulence and jealousy and pride of her disposition" and the violence of her inventives. Pointing to Franklin's son one day, she exclaimed, "There goes the greatest villain upon earth!"

Books In Series.

While it is certainly a pretty sight to see a long row of books in a neat and uniform binding, like soldiers on parade, there is a distinct loss of individuality. As you glance over your books upon their shelves it is pleasant to recognize them from their outward dress. They keep themselves better in mind if each one is not exactly like its neighbors. You are even likely to forget what you have if you cannot know them from across the room.

We often go to the bookcase looking simply for "something to read," and then it is an advantage to know each book at the first glance. Of course this does not apply so strongly to the works of a single author. These belong in a uniform, and you know what is among them.—St. Nicholas.

Flirting In Japan.

A Japanese woman flirts—as far as she knows the meaning of the word—with her sleeves and fan and not with her eyes and smiles. By the different movements of the ends of her kimono sleeves she manages to convey to her admirers all sorts of unspoken messages, and by the opening and shutting of her fan to the right or to the left she can reject or accept the most weighty offers. Her code signaling with her sleeves and fan is quite an item of her social education.

French Soldiers' Handkerchiefs.

The cotton handkerchiefs provided for French soldiers have printed upon them a number of sanitary precepts to be observed on the march and during a campaign and are further decorated with medallions containing pictures of officers of all grades, the different uniforms being so distinctly portrayed that a French private can tell at a glance to what grade any officer he may see belongs.

Well She Might.

An old German historian of Tubingen describes an attack by the French in 1674 during which eighteen persons were killed by the exploding of a mine. A soldier's wife was thrown the distance of an acre. She was not hurt, the chronicler adds quaintly, "but she scolded terribly and was in a very bad humor."

After the Quarrel.

She—There is just one little bit of millinery that I desire more. He (crossly)—You needn't say any more. I won't buy it for you. She—Don't be afraid. You'll never get the bill for it. It's a widow's bonnet.

A Sure Way.

Mabel—I wish I knew some way to make George forget me, for I can never marry him. Henry—Have you tried lending him money?—New Orleans Times-Democrat.
